Mobile No: +91 9359289101 | Current location: Jalgaon-425001

## Expertise Portfolio:

Motivated Computer Engineering student (4th Year) with strong skills in **Data Analytics, Java, C++, and web technologies**. Experienced in building dashboards, optimizing algorithms, and developing interactive applications through internships and academic projects. Passionate about applying analytical and problem-solving abilities to real-world challenges, with a focus on team collaboration, innovation, and impactful software solutions.

## Education:

**Bachelor of Computer Engineering** [November 2022 – June 2026]

Shram Sadhana Bombay Trust’s College of Engineering & Technology

- Specialization in Computer Engineering
- Currently pursuing B.E. in Computer Engineering (4th Year), graduating June 2026.

**Higher Secondary School** [April 2021 - Feb 2022]

H.D - Bhausaheb Save Junior College of Science , Tarapur (67.50%)

## Core academics:

- Design and Analysis of Algorithms
- Data Structures and Algorithms
- Operating Systems
- Computer Networks
- Software Engineering
- Cyber Law & Ethics

## Technical Skills:

- Coding Languages:** Java, C, C++, HTML, Python, SQL
- Database Systems:** Experienced with MySQL.
- Tools:** Skilled in using IntelliJ IDEA, Visual Studio Code, and Linux , Power Bi, Microsoft Excel .
- Core Concepts:** SDLC, OS Concepts, Algorithm Optimization, Neural Networks, and Network Protocols

## Soft Skills:

- Self-Motivated & Adaptable:** Embraces new challenges and adapts quickly.
- Excellent Communication:** Conveys ideas clearly and builds strong interpersonal connections.
- Leadership & Teamwork:** Guides peers effectively while collaborating seamlessly.
- Problem Solving & Decision Making:** Analyzes issues swiftly and implements practical solutions.

## Experience:

**Data Analytics Intern- Maxgen Technologies Pvt. Ltd., Kharadi, Pune, India (Onsite)** [June 2025 – July 2025]

- Contributed to the “Stakeholder Insights and Performance Dashboard” by cleaning and analyzing 5,000+ records using Python, SQL, and Excel.
- Built 4+ interactive Power BI dashboards to track 10+ KPIs and visualize performance trends.
- Helped improve reporting efficiency by ~25% through automated data processing and validation.

**C++ Programming Intern-TechnoHacks Solutions Pvt. Ltd. (Remote)** [June 2024 – July 2024]

- Solved 15+ LeetCode/DSA problems in C++ focusing on arrays, strings, recursion, and STL.
- Optimized solutions for better time and space complexity.
- Applied object-oriented principles and used Git for version control

## Projects:

### Virtual Herbal Garden Website:

Developed a responsive web application designed to enhance user’s knowledge of herbal plants through interactive experiences.

- Technologies Used:** HTML, CSS, JavaScript, React.js, Three.js (for 3D plants), Firebase (for chatbot and consultancy module), API integrations for plant data.
- Features:** Chat Bot ,Quizzes,3D garden(3D plants view),Experts Consultancy.
- Impact:** Encouraged awareness of herbal benefits, provided educational insights, and promoted accessible plant-based solutions through interactive features.
- Link For Website:** <https://virtual-herbal-garden-hub.netlify.app/>
